ABOUT THE COMPANY

Company Profile

As a leading Manufacturer and Supplier of Organic Pesticides, Organic-fungicides, Organic-nano Technology Growth Promoters, Micronutrients and Water Soluble Fertilizers. M/s. **DAANVI AGRITECH PVT.LTD.** Owns Specialized marketing platform of all Agriculture finished products Exclusively in India. Has Powerful support from a reputed Company which is involved in Manufacturing and Importing Various quality Agri Bio-products from Various Countries in the World. **DAANVI AGRITECH PVT.LTD.** Provides Professional, Convenient and Direct Order Service for all Agriculture finished Products business. **DAANVI AGRITECH PVT.LTD.** Has a Professional Marketing team with well experienced in Specialized fields, including Fertilizers, Pesticides and Plant growth regulators. We provide Organic-products with good quality, Competitive Price and Perfect services to the Farming community. We focus on product quality feed back and timely response from our Customer Care .

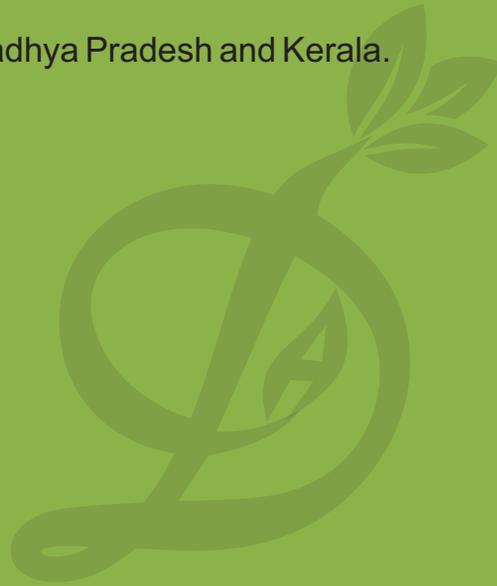

AN ISO 9001-2015 Certified Company

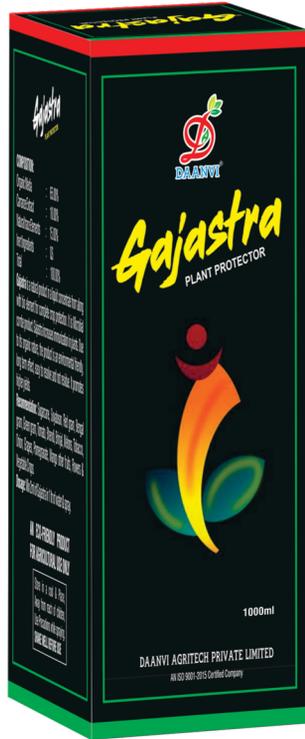

Our Mission

We Commit Ourselves to develop Environment-Friendly Organic Farming System for Agriculture, Maintain Sustainable and Healthy development for Green Agriculture and make Substantial Contributions to Plentiful and Healthy Crop for Human being. Our mission is the best laboratory in Agriculture from Organic research to produce fine quality Organic-Plant Boosters, Organic-

Insecticides, Organic-Fungicides, Plant growth regulators and with favorable Price from **DAANVI AGRITECH PVT.LTD.** To the benefits of Indian Agriculture Industry and Organic Farming. Our Company Working in Andhra Pradesh, Telangana State, Maharashtra, Tamilnadu, Gujrat, Karnataka, Madhya Pradesh and Kerala.

Technical Products

GAJASTRA

Gajastra is a Natural Product in liquid Concentrate form along with Bio-Element for Complete Crop Protection. It is Microbial Combo Product. **Gajastra** increases immunization in Plants, Due to its Organic nature, the Product is an Environmental Friendly (Eco-Friendly), long term Effect, easy to Resolve and Residue free. It Promotes higher yields.

Recommended Crops: Chillies, Cotton, Tomato, Bhendi, Brinjal, Watermelon, Tobacco, Onion, Grapes, Mango, Fruits, Flowers & Vegetables Crops.

Dosage: Mix 2 ml of Gajastra in 1 liter of Water & Spray.

Packing : 25 ml, 50 ml, 100 ml, 250 ml, 500 ml & 1000 ml

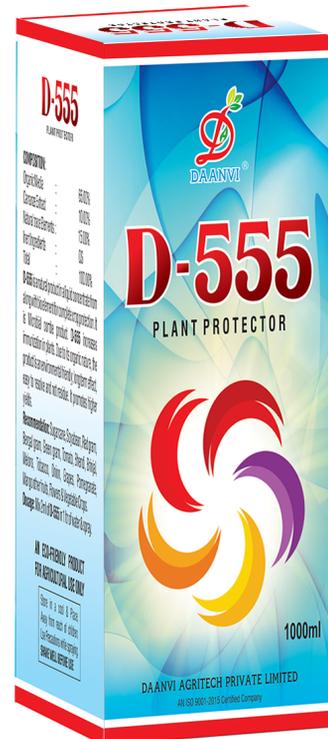

D-555

D-555 is a Natural Product in liquid Concentrate form along with Bio-Element for Complete Crop Protection. It is Microbial Combo Product. **D-555** increases immunization in Plants, Due to its Organic nature, the Product is an Environmental Friendly (Eco-Friendly), long term Effect, easy to Resolve and Residue free. It Promotes higher yields.

Recommended Crops: Chillies, Cotton, Tomato, Bhendi, Brinjal, Watermelon, Tobacco, Onion, Grapes, Mango, Fruits, Flowers & Vegetables Crops.

Dosage: Mix 2 ml of D-555 in 1 liter of Water & Spray.

Packing: 25 ml, 50 ml, 100 ml, 250 ml, 500 ml & 1000 ml

DAANVI AGRITECH PRIVATE LIMITED

AN ISO 9001-2015 Certified Company

SUPER KING

Super King inhibits Essential Enzymes which helps the Plant in Growth Regulation. It involves in Stress Resistance and acts as Stress Metabolites.

Super King Creates Defensive Mechanism in Plant and have a Role in Plant Resistance to Pathogens,

Recommended Crops: For all Crops

Dosage: Mix 1 ml of Super King in 1 liter of Water & Spray.

Packing: 25 ml , 50 ml, 100 ml, 250 ml, 500 ml

NO.1

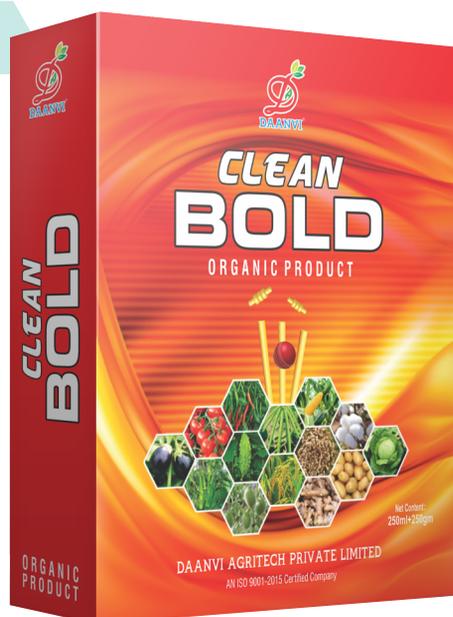

No.1 is a Naturally derived Organic Product which can make the Plant Healthy, Vigorous and Improves Resistance against Pests and Diseases.

Recommended Crops: Cotton, Soyabean, Redgram, Bengalgram, Groundnut, Greengram, Chilli, Cabbage, Cauliflower, Pomegranate Sugarcane, Turmeric, Watermelon & Horticultural Crops.

Dosage: 2 ml of No.1 in 1 ltr of Water and Spray.

Packing: 100 ml, 250 ml, 500 ml, &1000 ml

"We Feed The World"

CLEAN BOLD

Clean-Bold Profuse Healthy Primary & Secondary Root Systems Growth and Development. Increases Soil Microbial Activity. Clean-Bold increases Reduces Fruit and Flower Dropping. Plant Photosynthetic activity and Strength against Abiotic Stress. It develops Resistance in Plants towards Pests and Diseases.

Recommended Crops: For all Crops.

Dosage: Mix 1 ml + 1 gm of Clean-Bold in 1 ltr of Water and Spray uniformly on crop.

Packing: 50 ml + 50 gm, 100 ml + 100 gm , 250 ml + 250 gm, 500 ml + 500 gm

Organic Fertilizer

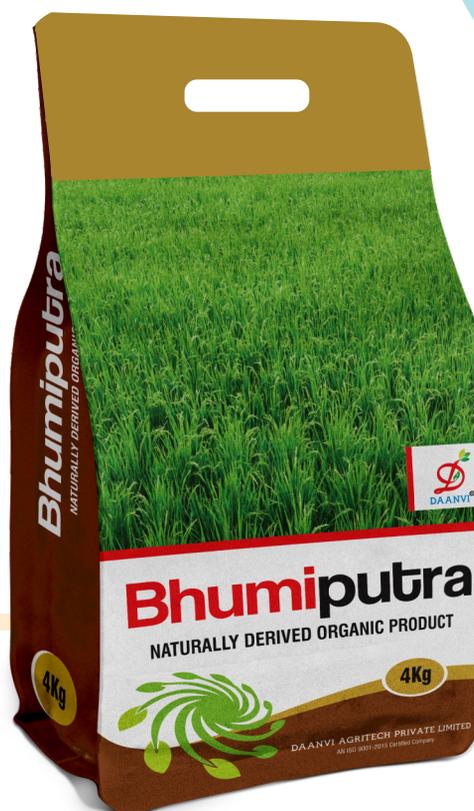

BHUMIPUTRA

Bhumiputra is a Naturally derived innovated Organic Product that Enhances Soil health and has ability to keep the Crops Healthy. Bhumiputra works as soil conditioner Plant health Booster and helps in increasing the yields. Bhumiputra enhances the availability and uptake of Plant nutrients, Alters the Soil texture and increases Water holding Capacity of Soils.

Recommended Crops: Applicable for all Crops.

Dosage: 4 Kg per acre,

Packing: 4 Kg

DAANVI AGRITECH PRIVATE LIMITED

AN ISO 9001-2015 Certified Company

KRUSHIMITHRA

Krushi-Mithra is Granulated
Soil Conditioner Organic Fertilizer
Enriched with Neem Oil.

Recommended Crops: Sugarcane, Mango,
Banana, Grapes, Soyabean, Groundnut, Cotton, Orange,
Paddy, and all types of Vegetables and Flowers.

Dosage: 40 Kg per acre

Packing: 40 Kg

DAANVI GOLD

DAANVI GOLD Improves the
Productivity Of the Plant when used
during the Vegetative Stages. Daanvi
Gold Provides immediate Nutrient availability
and Vigour to Crop during Adverse Conditions
like Pest infections, Water Stress increases the no of
Flowers and Fruits, acts as a yield booster when used
along with Soil Fertilizers.

Dosage Drip Irrigation: Mix 5 gm of Daanvi Gold in 1 ltr of
Water & Spray, in Drip Irrigation 5 Kg of Daanvi Gold for 1 acre.

Recommended Crops: Turmeric, Sugarcane, Banana,
Ginger, Watermelon, Groundnut, Grapes, Pomegranate,
Onion, Cotton, Chilli, Paddy, Wheat, Maize, Pulses,
Tomato, and Vegetable Crops, Floriculture and
Horticulture Crops.

Packing: 1 Kg, 5 Kg & 25 Kg

Bio-Fertilizer

DAANVI SUPER 7

Daanvi Super- 7 Is A Granules formula based on Vegetable Origin Seaweed and Animal Origin Product for higher yield and Better quality Crop.

Recommended Crops: Cotton, Soyabean, Paddy, Chilli, Onion, Sugarcane, Banana, Turmeric, Groundnut, Floriculture and Vegetable Crops.

Dosage: 25 Kg. per acre application and recommended for twice with an interval of 30-45 days preferable at 20-25 days after Sowing/Planting 1st Application and 55-60 days after Sowing/Planting 2nd Application.

Packing: 25 Kg

SAMRUDDHI

Samruddhi Supplies silicon which is an important and beneficial plant nutrient required for plant growth. **Samruddhi** increases Photosynthesis in Plant and Also increases Growth, Greenery & Thickness of Leaves. **Samruddhi** seems to benefit certain plants when they are under stress. It has been found to improve drought tolerance and delay wilting in certain crops where irrigation is withheld and may enhance the plant's ability to resist micronutrient and other metal toxicities. **Samruddhi** has been found to increase certain plant species resistance to fungal pathogen attack.

Dosage: 25 Kg per acre

Recommended Crops: Sugarcane, Mango, Banana, Grapes, Soyabean, Groundnut, Cotton, Orange, Paddy, and all types of Vegetables and Flowers.

Packing: 25 Kg

DAANVI AGRITECH PRIVATE LIMITED

AN ISO 9001-2015 Certified Company

EXCELLENT 2 in 1

Excellent 2 in 1 for horticulture, Commercial & Vegetable crops is specifically designed in liquid form as per the MH & MP Grades Nutrient formulations Corrects the micronutrients as Zn. Fe. Mn. Cu. Mo. B. Deficiency thereby providing healthy greenish leaves. It protects from the tip die back of the branches it increases the flower and fruit formation and stop flower and fruit dropping increases the juice contents and sweetness gives good colour. Protects from the water stress (Drought) and diseases-gives protection to the roots from the fungal diseases enhances the NPK fertilizer absorption.

Direction for use: Dissolve 250 ml of Excellent 2 in 1 with Add plus 250 ml in 160 ltrs. Of water per acre. Three Sprays are recommended 1st spray before flowering, 2nd spray after fruit setting, 3rd spray when fruit juice formation starts.

Packing : 250ml+250ml,500ml+500ml,1000ml+1000ml

SANKALP

Sankalp with its latest and Novel Biotechnology have developed Sankalp that will address the soil needs to help the Farming Community to reap Bumper Crops with Superior quality. Advantages: Allow both Water and Air to move through and get to Roots.

Sankalp Contains the required nutrients in Essential quantities which increases the yield and Overall quality of Corps. Sankalp Contains Microbial By-Products rich in Phytohormones, Vitamins and other Growth regulators Optimum level. Sankalp is also blended with several Phytoelicitors that give Protection against Pests & Diseases by imparting System Acquired Resistance (SAR).

Dosage: 5 ltr of Sankalp per 1 acre for all crops (Drip Irrigation) & Spraying 250 ml per acre.

Packing: 1 ltr & 5 ltr

"We Feed The World"

Bio-Stimulants

DAANVI - R

Daanvi-R is an Excellent Plant Growth Promoter. It is A well

Balanced Combination of Amino acid, Extract of Agricultural waste & Seaweeds.

Recommended Crops: Chillies, Cotton, Paddy, Tomato, Pulses and all Vegetable and Fruit Crops.

Dosage: Mix 100 ml of Daanvi-R per 100 ltrs of Water and Spray uniformly on Crop.

Packing: 25 ml, 50 ml, 100 ml, 250 ml, & 500 ml

DAANVI STORNG

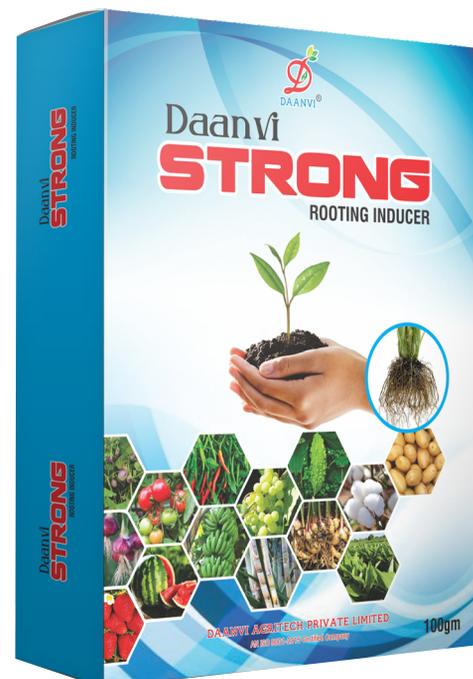

Daanvi Strong improves Root Growth and Enhances Root zone Activity to Absorb Available Nutrients and Water from the Soil in Regular and Adverse Situations.

Dosage: Mix 100 gm per acre.

Daanvi Strong can be Mixed with all Kinds of Fertilizers & Pesticides. Daanvi Strong can be used on all the Crops.

Daanvi Strong can be used at least Two to Three times in total Crop Period.

Packing: 100 gm

DAANVI AGRITECH PRIVATE LIMITED

LORD

LORD Profuse Healthy Primary & Secondary Root Systems Growth and Development. Increases Soil Microbial Activity. LORD Reduces Fruit and Flower Dropping. LORD increases Plant Photosynthetic activity and Strength against Abiotic Stress. It develops Resistance in Plants towards Pest and Diseases.

Dosage: Mix 2.5 – 3 ml of LORD in 1 liter of Water and Spray uniformly, it is

Recommended Crops : For all Crops.

Packing : 100 ml, 250 ml, 500 ml, & 1000 ml

D-SPEED

Foliar Spray: Mix 1gm of **D-Speed** in 1 ltr of Water and Spray during Growth and Fruit Formation Stages.

It Improves Plant Branches.

Soil Drenching: Mix 2 to 2.5 gm of D-Speed in 1 ltr of Water and Drench in Nursery Bed.

Root Dripping: Mix 2 to 2.5 gm of in D-Speed 1 ltr and Drip the Roots for Minutes before Planting.

Dosage: 250 gm D-Speed per 1 acre.

Packing: 100 gm, 250 gm & 500 gm

DAANVI ++

Daanvi ++ is Excellent Growth Inducer with Combination of Unique and Effective Enzymes, Vitamins, Proteins, Amino acid, Folic acid, Fulvic acid, Seaweeds and Glucose. Enhance Plant's Natural Resistance against Diseases and Pests improves Flowering and Reduces Flower drop. Promote the development of Chlorophyll, Sugars and Amino acids in Plants and Photosynthesis. Thicken the Cell wall in Fruits and Prolong the Storing and Self life. Increases the Quality of yields by Improving their Physical Appearance and Nutritional Value.

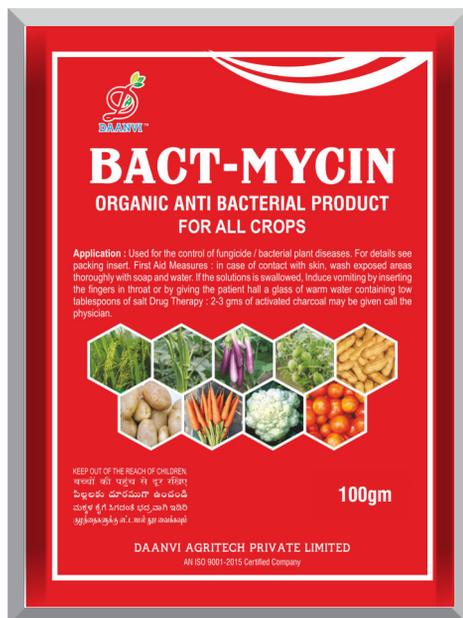

Recommended Crops: Cotton, Soyabean, Sugarcane, Redgram, Banana, Turmeric, Chillies, Paddy, Pulses, Vegetables, Flowers & Horticultural Crops.

Dosage: Mix 2 ml Daanvi ++ in 1 liter of Water & Spray.

Packing: 100 ml, 250 ml, 500 ml & 1000 ml

Organic Viricide & Fungicide

DAANVI

BACT MYCIN

Bact-Mycin is a Natural Products Develops Immunity and Resistance Power in Plants. Acts as Natural Antibiotic (Can be mixed with all Foliage inputs)

Dosage: 0.5 gms. Per 1 ltr of Water & Spray.

Recommended Crops: Paddy, Cotton, Chillies, Groundnut, Mango, Grapes, Vegetables and all Flowers Plants and Horticultural Crops.

Packing: 50 gm, 100gm & 250 gm

"We Feed The World"

DAANVI AGRITECH PRIVATE LIMITED
